

Greetings Parents and Caregivers,

Welcome to Elevate K-12!

The Elevate K-12 program is a remarkable teaching solution that connects highly qualified online instructors from across the United States to students in a whole-class instruction setting.

Your child will be receiving instruction from a certified Elevate educator to ensure the best possible education. Our teachers have an average of 13 years of experience and the passion needed to help your child master essential skills and concepts for future academic success.

Classes that use Elevate K-12 are held on campus at designated times, just like any other class. During class, your child receives live instruction from their virtual instructor, while an in-person Classroom Coach provides all necessary materials, resolves any technology issues, monitors classroom behavior, and encourages active participation and engagement during lessons.

Because Elevate K-12 is held live, students are not expected to log in and use Elevate K-12 at home. Like your child's other classes, homework may be assigned by the instructor, and tests/quizzes will be given regularly to assess student understanding.

Tips to Help Your Child Succeed:

- Attendance is crucial for a successful Elevate K-12 experience. Check your child's schedule for their Elevate sessions and make sure they attend.
- Ask your child about what they are learning with their Elevate teacher, just like you would with any other class! Questions such as *What is something new you learned today?* or *What did you cover in your Elevate class today?* will help students reflect productively on their lessons and may spark some great discussion in your household!

About Elevate K-12:

Elevate K-12 is passionate about creating remarkable teaching and learning opportunities for students and teachers. We are on a mission to make high-quality teaching available to all students, regardless of where they live. Our program is designed to deliver primary instruction, using technology to connect students with expert, certified teachers. To date, we've taught more than 350,000 students in over 2,000 schools across 600+ districts.

You can find out more about Elevate K-12 and access more resources by visiting our website at www.elevatek12.com/caregivers.

We can't wait to see your kids in class!

The Elevate K-12 Team
