# Elevate K-12 LIVE Classroom Engagement Features

The Elevate K-12 LIVE Classroom is designed to offer a learning experience that closely mirrors the traditional classroom. The platform's interactive tools support fluid interaction, enabling teachers to use dynamic teaching methods that capture students' attention and foster a lively learning environment.

Below are a variety of features offered within the LIVE classroom that ensure a dynamic & interactive teaching & learning experience, and ultimately driving toward positive student outcomes.

LIVE Classroom Features	Description
 Audio &  Video	Access to view & communicate with teacher, both while logged in in-class & remote.
 Hand Raise	Privately share answers, ask questions, or signify readiness.
 Private Chat &  Class Chat	Privately communicate with the teacher and Classroom Coach or share responses publicly with classmates.
 QZ	Live check for understanding to inform instruction
 Interactive White Board	Engage with the lesson through various interactive whiteboard tools
 Poll	A poll to the class to check in or to check for understanding
